EXPLANATORY NOTE

This amendment on Form 10-K/A (Amendment No. 1) amends our annual report on Form 10-K for the fiscal year ended December 31, 2006, which was filed with the Securities and Exchange Commission (the "SEC") on March 16, 2007 (the "2006 Form 10-K"), and is being filed to include the information required by Items 10-14, inclusive, required by Part III of Form 10-K. In accordance with General Instruction G to Form 10-K, the 2006 Form 10-K as filed on March 16, 2007 did not include the information required by Items 10-14 of Part III of Form 10-K. It was contemplated that such information would be included in the Company's definitive proxy statement pursuant to Regulation 14A prepared in connection with the Company's 2007 Annual Meeting of Stockholders (the "Proxy Statement"), which was expected to be filed on or before the 120th day after the end of the fiscal year covered by the 2006 Form 10-K. Due to unforeseen delays in connection with the printing and filing process, Delcath failed to file the Proxy Statement on April 30, 2007, but filed the Proxy Statement the next day,

on May 1, 2007. Accordingly, the information required by Items 10-14 of Part III is no longer being incorporated by reference to our Proxy Statement, and this amendment is being filed to include such information herein.

As a result of this amendment, the Company is also filing as exhibits to this Form 10-K/A the certifications required under Section 302 of the Sarbanes-Oxley Act of 2002. Because no financial statements are contained within this Form 10-K/A, the Company is not including certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

This amendment is not intended to update other information presented in this annual report as originally filed, except where specifically noted.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors, officers, and persons who are beneficial owners of more than ten percent of the Company's Common Stock to file with the Securities and Exchange Commission (the "Commission") reports of their

ownership of the Company's securities and of changes in that ownership. To the Company's knowledge, based upon a review of copies of reports filed with the Commission with respect to the fiscal year ended December 31, 2006, and except as noted below, all reports required to be filed under Section 16(a) by the Company's directors and officers and persons who were beneficial owners of more than ten percent of the Company's Common Stock were timely filed.

AUDIT COMMITTEE

The Audit Committee provides assistance to the Board in fulfilling its oversight responsibilities with respect to the Company's financial statements, the Company's system of internal accounting and financial controls and the independent audit of the Company's financial statements. ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

The Company's executive compensation program is designed with two main objectives:

1. to offer a competitive total compensation value that will allow the Company to attract, retain and motivate highly talented individuals to fill key positions; and
2. to align a significant portion of each executive's total compensation with the annual and long-term performance of the Company and the interests of the Company's shareholders.

OVERVIEW

The Compensation and Stock Option Committee (the "Compensation Committee" or the "Committee") of the Board administers our executive compensation program. Each member of the Committee is a non-employee and an independent director. The Compensation Committee is primarily responsible for establishing salaries, administering our incentive programs, and determining the total compensation for our Chief Executive Officer. The Committee also reviews and approves recommendations made by the Chief Executive Officer with respect to compensation of the other executive officers.

COMPENSATION PHILOSOPHY

The Company believes that a strong management team comprised of the most talented individuals in key positions is critical to the development and growth of the Company, and the Company's executive compensation program is an important tool for attracting and retaining such individuals. Therefore, it is vital that the Company's aggregate compensation package is both competitive with the compensation received by similarly situated executive officers and reflective of each executive officer's contributions to the success of the Company on both a long-term and short-term basis.

ELEMENTS OF EXECUTIVE COMPENSATION

The compensation package for the Company's executives has both performance-based and subjective elements. The specific elements include base salary, annual incentive compensation, which is generally in the form of a year-end bonus, and long-term compensation, which is usually in the form of stock options.

Base salary, as determined by the Compensation Committee, is based on two factors. The first is an evaluation of the salaries paid in the marketplace to executives with similar responsibilities, and the second is the executive's unique role, job performance and other circumstances. Evaluating both of these factors allows the Company to offer a competitive total compensation value to each individual named executive officer (as defined below) taking into account the unique attributes of, and circumstances relating to, each individual, as well as marketplace factors. This allows the Company to meet its objective of offering a competitive total compensation value and attracting and retaining key personnel.

Annual incentive compensation is intended to establish a direct correlation between annual awards and the performance of the Company. As a development stage company, financial performance measurement cannot be the sole factor in determining such compensation. However, the Compensation Committee can review on an objective basis the progress that the Company has been making towards its goals and, in its discretion, award an annual cash bonus in order to maintain a competitive total compensation value appropriate to each executive officer.

Long-term compensation is an area of emphasis as this will align a significant portion of each executive's total compensation with the long-term performance of the Company and the interests of the Company's shareholders. On March 25, 2004, the Company's Board of Directors adopted the Company's 2004 Stock Incentive Plan (the "Plan"), under which 3,000,000 shares of Common Stock is reserved for issuance pursuant to the grant or exercise of stock options, stock appreciation rights, restricted stock or deferred stock under the Plan. The Plan was approved by the Company's stockholders at the 2004 annual meeting of stockholders of the Company.

Stock options granted under the Plan may be either "incentive stock options" (within the meaning of Section 422 of the Internal Revenue Code) or nonstatutory stock options. The exercise price per share that may be acquired on exercise of a stock option will be determined by the Compensation Committee at the time of grant and generally will be not less than the fair market value per share on the date of grant. Generally, options will have a term of five years (or as of the date of termination of employment to the extent exercisable at that date if the participant terminates employment) and will become exercisable ratably over five years, but the Committee has the authority to provide for other terms or other exercise schedules. Payment may be made in cash or in the form of unrestricted shares the participant already owns or by other means as determined by the Committee including "cashless" exercises. The right to exercise an option may be conditioned on the completion of a period of service or other conditions.

Stock appreciation rights (SAR's) entitle a participant to receive an amount in cash, shares or both, equal to (i) the excess of the fair market value of one share on the date of exercise over the fair market value on the date of grant multiplied by (ii) the number of shares to which the SAR

relates. The right to exercise an SAR may be conditioned on the completion of a period of service or other conditions. Generally, participants will be given five years in which to exercise an SAR or by the date of termination of employment to the extent exercisable at that date if a participant terminates employment. SAR's may be granted independently or in conjunction with the grant of a stock option. If an SAR is granted in conjunction with a stock option, the exercise of either the SAR or the stock option will reduce the number of shares covered by the related stock option or SAR, as the case may be.

Restricted stock may also be awarded under the Plan, which is the grant of shares of Common Stock that requires the completion of a period of service or the attainment of specified performance goals by the participant or the Company or such other criteria as the Compensation Committee may determine in order to retain the shares. Upon a participant's Termination of Employment (as defined in the Plan), the restricted stock still subject to restriction generally will be forfeited by the participant. The Committee may waive these restrictions in the event of hardship or other special circumstances.

The Plan also provides for stock grants, which are shares that can be awarded to a participant that may be delivered immediately or in the future, at a specified time and under specified circumstances. The Committee will determine the participants to whom, and the time or times at which, stock grants may be awarded, the number of shares covered by the stock grant to be awarded to any participant, the duration of the period, if any, during which, and the conditions under which, receipt of the shares will be deferred and any other terms and conditions of the stock grant.

Awards of stock options under the Plan have nearly always been used as the long-term compensation of choice. This is because they directly align the value of the benefit to the named executive officers with shareholder interests. The term of stock options is the longest among various share award choices and thereby provides an incentive to executive officers to create long-term shareholder value. The Compensation Committee determines the number of options to grant based on its analysis of awards of similarly situated companies and in keeping with the Company's objective of offering a competitive total compensation value.

FORWARD-LOOKING STATEMENTS

Disclosures in this Compensation Discussion & Analysis may contain certain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2006, the members of our Compensation and Stock Option Committee were Mark A. Corigliano, Daniel L. Isdamer and Harold S. Koplewicz. During 2006, no interlocking relationships existed between our Board of Directors or the Compensation and Stock Option Committee, and the board of directors or compensation committee of any other company.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

THE REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE (THE "COMPENSATION REPORT") DOES NOT CONSTITUTE SOLICITING MATERIAL AND SHOULD NOT BE DEEMED FILED OR INCORPORATED BY REFERENCE INTO ANY OTHER COMPANY FILING UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT THE COMPANY SPECIFICALLY INCORPORATES THIS COMPENSATION REPORT BY REFERENCE THEREIN.

RECOMMENDATIONS OF THE COMPENSATION AND STOCK OPTION COMMITTEE. We have reviewed and discussed the Compensation Discussion & Analysis ("CD&A") with the Company's management. Based on this review and these discussions, we recommended to the Board of Directors that the CD&A be included in the Company's 2006 Annual Report on Form 10-K and Proxy Statement for 2007.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

TRANSACTIONS WITH RELATED PERSONS

None.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

The Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and, therefore, has adopted a policy, described below, which shall be followed in connection with all related party transactions involving the company.

Under this policy, any "Related Party Transaction" shall be consummated or shall continue only if the Board of Directors, acting through the Audit Committee, shall approve or ratify such transaction in accordance with the guidelines set forth in this policy, provided that: (i) the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; (ii) the transaction is approved by the disinterested members of the Board of Directors; or (iii) the transaction involves compensation approved by the Company's Compensation Committee. For these purposes, a "Related Party" is an officer or director of the Company; a shareholder owning in excess of five percent of the Company; a person who is an immediate family member of an officer or director; or an entity which is owned or controlled by such person or an entity in which such person has a substantial ownership interest or control of such entity.

For these purposes, a "Related Party Transaction" is a transaction between the Company and any Related Party (including any transactions requiring disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934), other than transactions available to all employees generally and transactions involving less than \$5,000 when aggregated with all similar transactions.

All Related Party Transactions, including the proposed aggregate value of such transactions, if applicable, to be entered into by the Company shall be disclosed to the Board of Directors. After review, the Board shall approve or disapprove such transaction and management shall update the Board as to any material change to those proposed transactions. Should ratification not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

PROMOTERS AND CERTAIN CONTROL PERSONS

Not applicable.

BOARD INDEPENDENCE

The Company applies the standards of the NASDAQ Stock Market, Inc., the stock exchange upon which the Company's Common Stock is listed, for determining the independence of the members of its Board of Directors and Board committees.

On April 17, 2007, Mr. Ladd was appointed to the Compensation and Stock Option Committee and the Nominating Committee, and Dr. Koplewicz was appointed to the Audit Committee.

The Board has determined that Dr. Koplewicz and Mr. Ladd are independent, as "independence" is defined in Rule 4200(a)(15) of the National Association of Securities Dealers ("NASD"), for service on the Company's Board and all Board committees.
